Nissan donates Frontier to Blue Spruce Habitat for Humanity to support local construction efforts

Evergreen, Colorado (June 15, 2023) — Blue Spruce Habitat for Humanity is excited to announce it received a Frontier truck from Nissan. The donation is part of Nissan’s \$800K national partnership renewal with Habitat for Humanity to support local Habitat affiliates across the U.S.

Nissan is donating five vehicles to local Habitat affiliates this year to use for local construction and home repairs. Additionally, Nissan employees will volunteer in 12 communities near Nissan’s manufacturing and operational locations.

“Nissan is deeply committed to the areas where our customers, employees, and dealers live and work, and our partnership with Habitat for Humanity is one way that we invest in these communities,” said Travis Parman, vice president, Corporate Communications, Nissan North America, Inc. “Our employees, working alongside our partners at Habitat and the future homeowners, are able to directly improve their local communities and help families build a safe and decent place to call home.”

Nissan has contributed more than \$20 million to Habitat nationally since the partnership began in 2005 when Nissan donated 50 trucks and mobilized employees to assist in home building following Hurricanes Katrina and Rita in the Gulf Coast region. Nissan has continued its support through the years by donating an additional 160 vehicles to support construction activities and disaster recovery efforts. Furthermore, Nissan’s employees have contributed more than 112,400 volunteer hours working alongside future homeowners in communities across the U.S.

“We are so grateful to Nissan for the donation of this beautiful truck! The truck will be indispensable for us as we build and repair homes in our community. Thank you, Nissan!”

-Kathleen O’Leary, Blue Spruce Habitat for Humanity Executive Director

About Blue Spruce Habitat for Humanity

Started locally by twelve volunteers in Evergreen, Colorado in 1990, Blue Spruce Habitat for Humanity is the local foothills affiliate of Habitat for Humanity International. We’re proud to serve the mountain areas of western Jefferson County, Clear Creek County and parts of Park County up to Kenosha Pass. Blue Spruce Habitat for Humanity provides affordable homeownership for those who live and work in our service area. All of our homeowners are local residents, living, working, attending church and raising children here in our mountain community. They include day care providers, school bus drivers, employees in retail and hospitality, housekeepers, carpenters, hospice aides, preschool teachers, and others. Join us in fulfilling our vision for a better world. In addition, we have a Home Preservation program in which homeowners gain restored

confidence and improved safety in their homes, and operate the Habitat ReStore in Evergreen to help fund these programs.

About Nissan North America

In North America, Nissan's operations include automotive styling, engineering, consumer and corporate financing, sales and marketing, distribution and manufacturing. Nissan is dedicated to improving the environment under the Nissan Green Program and has been recognized annually by the U.S. Environmental Protection Agency as an ENERGY STAR® Partner of the Year since 2010.
